

7th March 2023 – Meeting of EnjoiPol Team of the IPCB/CNR

On March 7th the **EnjoiPol Team** of the **IPCB** of **Catania** had the pleasure of welcoming the delegations of **Westrade**, **Sonangol** and **Profitus** to the **IPCB/CNR Catania**.

The meeting began with welcome greetings from the director of the IPCB Catania, dott. Domenico Garozzo. Subsequently Andrea Scamporrino illustrated the skills and technologies present in Catania, as well as the project activities currently followed by the EnjoiPol Team. The activity of Sonangol was then presented, with a look at the current reality of the Angolan company and the calendar of

future activities. The works were closed by Ing. Alessio Bucaioni of West Trade Ltd, who was the intermediary and catalyst for this meeting.

The meeting continued with a round table, in which the foundations for a future collaboration were laid, and then an excellent lunch, because we know... collaborations are much better by eating excellent Sicilian fish!
